

1 Q. Has Hydro undertaken a review of its load forecasting methodology, given the
2 unanticipated December 2013 and January 2014 peak loads? If yes, provide the
3 scope of the review and the date of completion. If not, why not?
4
5

6 A. Please see Hydro's response to PUB-NLH-016 that indicates when Hydro last
7 undertook a review of its load forecasting methodologies. Hydro has not
8 undertaken a review of its load forecasting methodologies since that time. As
9 indicated in Hydro's response to PUB-NLH-010 and as part of its ongoing internal
10 review, Hydro is undertaking an external review of its load forecasting
11 methodologies and processes.
