

1 Q. How has Hydro changed its approach to maintenance and operations of the
2 Holyrood Thermal Generating Station since the decision was made to proceed with
3 the Muskrat Falls Project?
4
5

6 A. Hydro has not made any changes to its maintenance and operations approach to
7 the Holyrood Thermal Generating Station since the sanction of the Muskrat Falls
8 Project. Changes have been made to Holyrood's twenty-year capital plan for dates
9 beyond 2020 and since sanction Holyrood's capital budget proposals are reviewed
10 in the context of the remaining life of the Holyrood facility to ensure they are
11 appropriate and meet safety, reliability and environmental requirements. Since
12 sanction, positions at the Holyrood Thermal Generating Station are being filled on a
13 term basis only.
