

1 Q. Please provide a copy of the analysis, including tables, completed to address
2 anticipated increases in losses due to alternative generation dispatches.

3

4

5 A. The analysis to address anticipated increases in losses due to alternate generation
6 dispatches is included in Section 3.2 of the Progress Report on Load Forecasting
7 Improvements filed with the Board on October 31, 2014. The loss analysis is being
8 expanded to identify the impact of transmission line contingencies on system losses
9 and the result of this analysis will be available in late November 2014.
