

1 Q. Please provide a copy of the probabilistic reliability study for the converters,  
2 considering all major components and systems of the LIL converter stations  
3 completed by the manufacturer of the HVDC converter stations. Please provide the  
4 main results of the study and explain the study methodology.

5

6

7 A. Hydro has not received the probabilistic reliability study for the converters,  
8 considering all major components and systems of the LIL converter stations from  
9 the manufacturer of the HVDC converter stations as the converter design is not  
10 complete.
