

Requests for Information

- 1 **Q. Has Newfoundland Power revised its forecast of its winter peak for 2014 to 2017**
2 **since the events of December 2013 and January 2014? If yes, provide details of the**
3 **change. If no, why not?**
4
- 5 A. The events of December 2013 and January 2014 do not, in Newfoundland Power’s view,
6 require it to revise its forecast of winter peak at this time.
7
- 8 As part of Newfoundland Power’s normal planning cycle the Company prepares a
9 Customer, Energy and Demand Forecast in the spring of each year which typically
10 incorporates the actual winter peak from the most recent winter season.
11
