 4 **A.** Newfoundland Power is unable to provide a listing of the number of transmission lines by  
 5 age group due to system reconfigurations, line relocations, and other rebuild work. In  
 6 addition many transmission lines consist of distinct sections that were constructed in  
 7 multiple years. However, Newfoundland Power can provide the number of kilometers of  
 8 transmission line by age group. This information is provided in Table 1.
