Dear Ms. Pennell:

**Re: The Board's Investigation and Hearing into Supply Issues and Power Outages on
the Island Interconnected System –Responses to Requests for Information**

In your letter of December 17th to the Public Utilities Board on this matter you indicated that Newfoundland & Labrador Hydro ("Hydro") is working on the remaining responses to Newfoundland Power RFIs which were filed on September 19th, 2014. Your letter did not, however, indicate when Hydro expected to provide responses to the outstanding September 19th RFIs.

It would be most helpful to Newfoundland Power if Hydro could indicate when it will file responses to the outstanding RFIs.

We look forward to your early reply.

Best wishes for the holiday season.

Yours very truly,
