

1 Q. C-89; Volume I: Replace Vehicles and Aerial Devices

2 Hydro states:

3 *“All vehicles that meet the criteria are being replaced. In*
4 *addition, one light duty vehicle was added to the list because it*
5 *met the replacement criteria.”*

6 Please explain the statement *“In addition, one light duty vehicle was added to the*
7 *list because it met the replacement criteria.”*

8

9

10 A. Hydro utilizes a 5-year plan to assess vehicle replacements. The forecast in 2015 for
11 2017 was 35 light duty vehicles. In 2016 that forecast became 36, due to the fact
12 that an additional vehicle met the requirements for excessive mileage and age.
