

1 Q. **Holyrood Overview**

2 Please confirm that based on Hydro's most recent information and assessments,
3 the forecast use of the Holyrood Plant (Units 1, 2 and/or 3) for some base loading is
4 expected to end by no later than June 2021, or if it is expected to continue to be
5 used for forecast base loading purposes, post 2021, please provide the projected
6 levels of base loading of the Holyrood plant for 2022 and subsequent years.

7

8

9 A. Please see response to IC-NLH-001. The Holyrood plant is not expected to be used
10 for base loading purposes, post 2021.
