Re: Reliability and Resource Adequacy Study Review – Further Process and Requests for Information on Hydro's Long-Term Load Forecast Report - Hydro's Reply

In correspondence dated May 18, 2024, the Board of Commissioners of Public Utilities ("Board") advised of its determination that it was necessary for the Board to issue Requests for Information ("RFIs") on the Newfoundland and Labrador Hydro's ("Hydro") Long-Term Load Forecast Report to assist with the review of the report by the Board's expert, Bates White. The Board provided the initial RFIs and directed Hydro to advise the Board by May 15, 2024 as to when the responses will be filed. Hydro is currently working on the responses to those RFIs and will provide the responses no later than May 31, 2024.

Should you have any questions, please contact the undersigned.

Yours truly,

NEWFOUNDLAND AND LABRADOR HYDRO
