Executive Director and Board Secretary

Re: Reliability and Resource Adequacy Study Review – Filing Date Delay

The intended filing date for Newfoundland and Labrador Hydro's ("Hydro") 2024 Resource Adequacy Plan was the end of the second quarter. Due to Hydro's ongoing emergency response to wildfires in Labrador, the evacuation of Churchill Falls, and the corresponding demands on Hydro employees, there has been a delay in submission of the filing. Hydro intends to now file the Resource Adequacy Plan with the Board of Commissioners of Public Utilities ("Board") and parties on Tuesday, July 9, 2024.

Hydro appreciates the consideration of the Board and parties regarding the necessary delay in this filing.

Should you have any questions, please contact the undersigned.

Yours truly,

NEWFOUNDLAND AND LABRADOR HYDRO
