Subject: NLH - Reliability and Resource Adequacy Study Review - Labrador-Island Link Monthly Update – March 2023 - Filing Delay

Good day,

Newfoundland and Labrador Hydro wishes to advise that the March 2023 monthly Labrador-Island Link update will be filed with the Board on Thursday, April 13, 2023, instead of its originally scheduled date of April 6, 2023. This will enable Hydro to provide the Board with a more fulsome update regarding the ongoing testing of the Labrador-Island Link.

Keep safe in all you do.
