Dear Madam/Sirs:

**Re: Newfoundland and Labrador Hydro - Reliability and Resource Adequacy Study Review
To Parties – Revised Schedule and Request for Additional Information**

The Reliability and Resource Adequacy Study Review has progressed in accordance with the process and schedule outlined in the letter dated September 12, 2024, including the completion of four technical conferences and the filing of Responses to Request for Information. During this process, it has been determined that expert reports are not required at this time based on the current status of the review, including that Newfoundland and Labrador Hydro (“Hydro”) is proposing to file a Capital Budget Application in 2025 for new generation. The schedule attached has been revised to reflect the current status.

The Board requests that Hydro advise by January 10, 2025, as to whether the proposals in its 2024 Resource Adequacy Plan (which are under review) are affected in any way by the recent Memorandum of Understanding between Hydro and Hydro Quebec announced on December 12, 2024.

If you have any questions, please do not hesitate to contact the Board's counsel in this matter, Ms. Maureen Greene, KC, by email mgreene@pub.nl.ca or telephone (709)726-3175.

Sincerely,

Jo-Anne Galarneau
Board Secretary

JG/cj
