Address for delivery (if different from mailing address): -	

Interest in the Proceeding

List the topics/issues you are interested in.

Newfoundland Power Inc. ("Newfoundland Power" or the "Company") serves approximately 87% of electricity customers in Newfoundland and Labrador. The Company purchases approximately 93% of the energy required to serve its customers from Newfoundland and Labrador Hydro ("Hydro"). Hydro's near-term and long-term resource planning decisions have a direct impact on the reliability of service provided to Newfoundland Power's customers. The Company has an interest in all topics/issues being considered by the Board as part of this proceeding.

What facts or documentation will you rely on to support your intervention?

Newfoundland Power intends to rely on the facts and documentation on the record of this proceeding and that of Phase Two of the Investigation into Supply Issues and Power Outages on the Island Interconnected System.

Until Newfoundland Power has had an opportunity to gain a satisfactory understanding of the matters to be considered as part of this proceeding, the Company will not be in a position to identify what expert evidence it will file with the Board.

How is your interest unique and not represented by others?

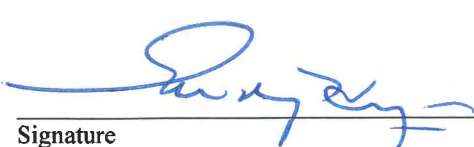

Newfoundland Power is the primary distributor of electricity to customers on the Island Interconnected System and the largest customer of Hydro. The Company's interests are therefore unique and not represented by others.

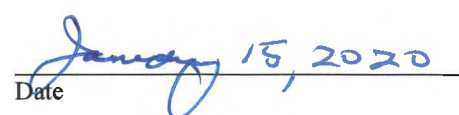

Participation in the Proceeding

Do you intend to:

- | | | |
|----------------------------------|---|-----------------------------|
| i. Appear throughout the hearing | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| ii. Submit written evidence | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
