

1 Q. Has NL Hydro entered into discussions with Hydro Quebec and or CFL Co. for the possible  
2 purchases of electricity from Hydro Quebec if required?

3

4

5 A. Please refer to Newfoundland and Labrador Hydro's ("Hydro's") response to CA-NLH-029 which  
6 describes purchases of electricity for use in the L'Anse-au-Loup system. Other than those  
7 purchases, Hydro has not entered into discussions for the possible purchase of electricity from  
8 Hydro Quebec as no need for such purchases has currently been identified.
