

1 Q. **Reference: Schedule 1 – Long-Term Supply for Southern Labrador – Phase 1**

2 Page 7, lines 22-23, states with respect to Alternative 4 (Interconnection to the Labrador
3 Interconnected System) that “Preliminary cost estimates prepared by Hydro indicate that the
4 total capital cost of such an interconnection would be in excess of \$400 million.” Please provide
5 the assumptions and analyses used to arrive at the \$400+ million estimate.
