

1 Q. According to Appendix A, page 3 of 7, Hydro states “Off-island power purchase costs shall not
2 include any expenditure related to Muskrat Falls PPA, TFA or the interim TFAs.” Please provide
3 what power purchases would be included in off-island purchases and indicate whether or not
4 recall power via the Labrador Island Link (“LIL”) would be included.

5

6

7 A. Off-island power purchases would include deliveries over the Maritime Link and Labrador-Island
8 Link excluding expenditures related to the Muskrat Falls Power Purchase Agreement,
9 Transmission Funding Agreement (“TFA”), or other interim TFAs. The power purchases could
10 include economic deliveries to meet capacity requirements and energy deliveries, including
11 recall power.
