

1 Q. Please identify all projects included in Hydro’s five-year capital plan related to future generation
2 requirements from the Holyrood TGS or other generation alternatives to address concerns
3 surrounding the reliability of the Labrador-Island Link.

4

5

6 A. Newfoundland and Labrador Hydro’s (“Hydro”) Five-Year Capital Plan¹ includes projects required
7 for continued generation at the Holyrood Thermal Generating Station (“Holyrood TGS”) until
8 March 31, 2024. Hydro’s Five-Year Capital Plan does not include any projects required for other
9 generation alternatives to address concerns surrounding the reliability of the Labrador-Island
10 Link. Please refer to Hydro’s response to PUB-NLH-011 of this proceeding for discussion of
11 capital expenditures related to future generation requirements for Holyrood TGS beyond
12 March 31, 2024.
