

1 Q. **Reference: Schedule 6, Program 1 Replace Light- and Heavy-Duty Vehicles (2024-2028), Page 1,**
2 **lines 12–20**

3 Describe the light-duty verification exercise Hydro completed in 2023 and provide a copy of any
4 report, memo or analysis completed on the results of the exercise.

5

6

7 A. The light-duty verification exercise completed was a reconciliation of vehicle assignment and
8 usage data to the asset listing to ensure the asset listing was accurate before completing further
9 analysis. There were no formal reports or analyses completed on the results; however, the
10 updated data is being used to inform other activities.
