Attention: Jo-Anne Galarneau
Executive Director and Board Secretary

Dear Ms. Galarneau:

Re: Newfoundland and Labrador Hydro – 2025 Capital Budget Application – Technical Conference

On July 25, 2025, the Board of Commissioners of Public Utilities (the “Board”) established the review schedule for Newfoundland and Labrador Hydro’s (“Hydro”) *2025 Capital Budget Application* (the “Application”). The review schedule set today’s date as the deadline for parties to file a request for a technical conference on the Application, including a list of projects or areas of concern to be addressed, as well as to provide notice of intervenor evidence, including the names of the experts and the areas on which they will provide evidence.

Hydro’s Application filing, introductory presentation, and two rounds of requests for information provide Newfoundland Power with sufficient evidence to assess Hydro’s Application. As a result, Newfoundland Power is not requesting a technical conference and does not plan to provide intervenor evidence in relation to Hydro’s Application.

If you have any questions regarding the enclosed, please contact the undersigned at your convenience.

Yours truly,
