Notes:

Note 1: Information is not available at this time.

Note 2: Detailed financial forecast has not been completed for the proposed capital budget.

¹ Total capital includes the approved capital budget, carryovers, supplementals, and Orders in Council and is net of insurance proceeds.

² The capital budget proposal from 2004 to 2024 exclude supplemental applications. The 2025–2029 period was based upon the five-year plan forecast in the 2025 Capital Budget Application which includes forecast supplemental applications (e.g., Avalon Combustion Turbine, Bay d'Espoir Unit 8, Southern Labrador Interconnection etc.) and excludes contributions.

³ The approved capital budget amounts exclude supplementals. Capital expenditures which were proposed in the capital budget may have been subsequently approved in a supplemental application.

⁴ Revenue requirements are those approved by the Board of Commissioners of Public Utilities as part of Hydro's general rate applications for the purposes of setting customer rates.

⁵ The Average Rate Base Actuals for 2022 value was restated in the annual return, and thus is based on updated information compared to previous requests for information.
