

1 Q. **Reference: Application**

2 With respect to the Island Interconnected System, please provide:

3 a) A table, starting with 2010, that contains the annual production from Hydro’s hydraulic
4 generation, Holyrood TGS, other thermal generation, power purchases via the LIL,
5 power purchases imported via the Maritime Link, other power purchases, total island
6 interconnected customer load, and total customer load including Maritime link exports.

7 b) Commencing January 2016 and up to August 2024, in an Excel file please provide the
8 monthly values of LIL deliveries to the Island Interconnected System, exports over the
9 Maritime Link, imports over the Maritime Link, deliveries of Muskrat Falls energy to the
10 island system net of exports over the Maritime Link, total island interconnected load
11 and Holyrood generation.

12

13

14 A. a) Monthly production and exports over the Maritime Link are provided in Appendix B of
15 Newfoundland and Labrador Hydro’s (“Hydro”) monthly Energy Supply Reports filed with
16 the Board of Commissioners of Public Utilities.¹ It is Hydro’s opinion that the information
17 requested is not necessary for a satisfactory understanding of the matters to be considered
18 in the 2025 Capital Budget Application as required by the *Board of Commissioners of Public*
19 *Utilities Regulations, 1996.*²

20 b) Please refer to part a) of this response.

¹ Hydro’s monthly Energy Supply Reports can be accessed at <http://www.pub.nf.ca/indexreports/pages/energysupply.php>.
