

1 Q. **Reference: Application, Schedule 3, Holyrood Thermal Generating Station Overview, page 12.**

2 It is stated *“Staffing levels at Holyrood TGS will remain consistent with the current operation.”*

3 a) How many Hydro employees work at the Holyrood generating station?

4 b) What was their average base salary and average total compensation in 2022 and 2023?

5

6

7 A. a) There are currently 110 employees working at the Holyrood Thermal Generating Station  
8 (“Holyrood TGS”). Given the requirement for Holyrood TGS to continue operations until  
9 2030, there has been a slight increase in the number of employees required to maintain  
10 operations at Holyrood TGS.

11 b) In 2022, the average base salary for the current employees at Holyrood TGS was \$93,876,  
12 and the average total compensation was \$116,745. In 2023, the average base salary for the  
13 current employees at Holyrood TGS was \$95,436, and the average total compensation was  
14 \$117,673.
