

1 Q. **Reference: General**

2 Further to the response to PUB-NLH-082 from Hydro's 2024 Capital Budget Application, please
3 provide an update on when the report on the economic and technical assessment of Hydro's
4 mini-hydro generating stations which was completed in 2022 will be filed with the Board.

5

6

7 A. As per Newfoundland and Labrador Hydro's ("Hydro") response to PUB-NLH-082 of Hydro's
8 2024 Capital Budget Application proceeding, given the passage of time since the completion of
9 the technical assessment, the report is currently undergoing review and updates to reflect
10 current data. Hydro plans to file the updated report on the economic and technical assessment
11 of Hydro's mini-hydro stations in the fourth quarter of 2024.
