Re: Application for the Interconnection and Integration of the Puffin Wind Inc. Renewable Energy Project – Hydro's Reply

On January 28, 2025, Newfoundland and Labrador Hydro ("Hydro") filed an application with the Board of Commissioners of Public Utilities ("Board") requesting approval of the acquisition and installation of equipment for the interconnection and integration of the Puffin Wind Inc. ("Puffin") renewable energy project, at a capital cost of \$1,278,000, as well as the corresponding charge to Puffin for the capital costs.

Hydro notes that Newfoundland Power Inc. advised that they had no comments on the application. There were no comments forthcoming from any of the other parties. Hydro respectfully requests that the Board approve Hydro's application as submitted.

Should you have any questions, please contact the undersigned.

Yours truly,

NEWFOUNDLAND AND LABRADOR HYDRO
