Subject: NLH - Application for Approval of an Increase to Hydro's Target ROE and Revisions to ROE Rate Change Deferral Account and Excess Earnings Account Definitions

Good Afternoon,

As the Board noted in its correspondence on February 25, 2025, the Labrador Interconnected Group ("LIG") had inadvertently been left off the initial distribution list for this application. The Board issued an extension to the schedule to provide an opportunity for the LIG to submit comments. If no comments were received by noon, February 27, the Board advised a new date would be set for Hydro's reply. While a new date has not yet been set, Hydro notes there have been no comments received from any of the parties. Hydro respectfully requests that the Board approve the application as submitted.

Thank you,
Shirley
