Re: Application for Approval of the Island Industrial Customer Rate Adjustments Effective July 1, 2026 – Hydro's Reply

On May 26, 2026, Newfoundland and Labrador Hydro ("Hydro") filed an application with the Board of Commissioners of Public Utilities ("Board") for approval of the Island Industrial Customer Rate Adjustments Effective July 1, 2026.

The Island Industrial Customer Group advised that they are satisfied that the rate adjustments proposed in the application are consistent with the provincial government's rate mitigation direction in Order in Council OC2024-062. The Consumer Advocate similarly noted that the proposals appeared to be consistent with the Order in Council and did not object to the application. Newfoundland Power Inc. had no comments; no comments were received from any other party.

Hydro respectfully requests that the Board approve Hydro's application as submitted.

Should you have any questions, please contact the undersigned.

Yours truly,

NEWFOUNDLAND AND LABRADOR HYDRO
