Attention: Mike McNiven
Board Secretary

Dear Mr. McNiven:

Re: Newfoundland and Labrador Hydro (“Hydro”) – Application for Extension to Filing Date for Methodology for Wholesale Rate Annual Updates (“Application”) - Comments of Newfoundland Power Inc. (“Newfoundland Power”)

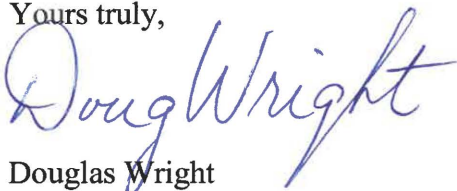

Newfoundland Power has reviewed Hydro’s Application, filed on April 28, 2026, seeking approval of an extension to file its methodology for updating the wholesale rate to November 2026.

In Newfoundland Power’s view, the development and review of a wholesale rate methodology would benefit from a full General Rate Application (“GRA”) record associated with Hydro’s upcoming GRA rather than being determined as a standalone proceeding in advance of that record. Newfoundland Power also acknowledges that Hydro is not proposing any interim changes to the wholesale rate as part of this extension request, nor is the requested extension expected to result in rate impacts for customers.

For these reasons, Newfoundland Power supports approval of Hydro’s Application.

We trust this is in order. If you have any questions regarding the enclosed, please contact the undersigned.

Yours truly,

Douglas Wright
Senior Legal Counsel
