2 **Does the company have a listing of hospitals referenced in the footnote and whether**
3 **these hospitals have their own generators in the event of an outage?**
4
- 5 A. The example of priority customers such as hospitals referenced in response to Request for
6 Information PUB-NP-003 are the hospitals in the City of St. John's and include:
7 (i) Health Sciences Centre; (ii) Janeway Children's Health and Rehabilitation Centre;
8 (iii) St. Clare's Mercy Hospital; (iv) Waterford Hospital and (v) Dr. L.A. Miller Centre.
9
- 10 It is Newfoundland Power's understanding that each of these facilities has some level of
11 backup generation. Newfoundland Power does not have detailed information on the size
12 and capacity of these systems.
