

- 1 **Q. In 2016 it was pointed out that Concentric Energy’s rate of return experts in**
2 **Canada had at various times weighted their US and Canadian samples differently**
3 **and emphasised averages or median values for their estimates. For all evidence filed**
4 **in Canada since and including Mr. Gaske’s Concentric evidence filed on behalf of**
5 **Intragaz Limited partnership (R-3807-2012) please provide the regulated utility’s**
6 **name how the estimate was derived (average versus median) and how the US and**
7 **Canadian samples were weighted.**
8
- 9 A. Concentric is unable to locate the discovery referenced in the 2016 case. Mr. Coyne
10 reports both averages and medians in his analysis for all proxy groups.
