

- 1 **Q. (Reference CA-NP-107) Please confirm that Dunsky did not assess the cost**
2 **effectiveness of dynamic rates as they relate to this particular project.**
3
- 4 A. It is confirmed.
5
- 6 Dunsky did not assess the cost effectiveness of dynamic rates for the *Feeder Additions*
7 *for Load Growth* project included in the *2023 Capital Budget Application*. As stated in
8 the response to Request for Information CA-NP-107, dynamic rates are not a viable
9 alternative for addressing existing overload conditions under the *Feeder Additions for*
10 *Load Growth* project.
