

- 1 **Q. (Reference Application Schedule C, page 3 of 9, Oxen Pond Substation Bus**
2 **Upgrade) Why isn't this project included as part of the Feeder Additions for**
3 **Load Growth project?**
4
- 5 A. The *Oxen Pond Substation Bus Upgrade* project is not included in the *Feeder Additions*
6 *for Load Growth* project because the scope of work is contained within Oxen Pond
7 Substation and is therefore a project within the Substations asset class. The *Feeder*
8 *Additions for Load Growth* project involves addressing identified overload conditions on
9 distribution feeders and is therefore a project within the Distribution asset class.
