Newfoundland and Labrador Board  
of Commissioners of Public Utilities

P.O. Box 21040

**Attention: Ms. G. Cheryl Blundon, Director of Corporate Services  
and Board Secretary**

Dear Ms. Blundon:

**Re: Newfoundland and Labrador Hydro – 2013 General Rate Application - Orders Nos.  
P.U. 14(2017) and P.U. 16(2017) – Compliance Application**

We write further to the Grant Thornton report on Hydro's Compliance Application, filed June 6, 2017, and to the Board's correspondence dated June 7, 2017, requesting that any comments on the Compliance Application and Grant Thornton's above-noted report be submitted to the Board by today, Monday, June 12, 2017.

We can advise that the Island Industrial Customer Group has no further comments on the Compliance Application, whether arising from the above-noted Grant Thornton report or otherwise, other than to note that the rates for industrial customers are being considered separately by the Board, and that the Island Industrial Customer Group respectfully awaits the Board's order in that separate process.

We trust this is in order.

Yours truly,

Stewart McKelvey
