

1 Q. In Hydro’s response to PUB-NLH-002 in this Compliance Application, Hydro states:
2 *“No individual customer has an entitlement to the RSP balance. If an Island*
3 *Industrial Customer leaves the system, the remaining customers would be*
4 *responsible for the balance.”* Confirm that, under the rules and regulations
5 governing Island Industrial Customer rates (and including the individual agreements
6 between each IIC and Hydro for provision of electrical service), if an Island Industrial
7 Customer leaves the system, the remaining Island Industrial Customers are not
8 responsible to pay any specifically assigned charges due from but unpaid by that
9 leaving Island Industrial Customer.
