VIA E-MAIL and/or FACSIMILE

2005-11-15

TO:ALL HOME HEAT RETAILERSIN NEWFOUNDLAND AND LABRADOR

The Board has completed a detailed review of information filed in response to the Board's request for specific information regarding volumes and delivery-related information and associated costs for home heating operations in the Province, requested by letter on August 29, 2005 and in a follow-up letter on October 4, 2005.

Based on the information received the Board determined that an increase of 1.6 cents per litre (cpl) in the total allowed mark-up for furnace and stove oil is justified and warranted at this time. Similarly, the Board determined that an increase in the total allowed mark-up for propane used for home heating of 3.7 cpl is also warranted.

These increases were implemented and applied to the base price of these products as of the regular monthly pricing adjustment of Nov. 15. It should be noted that this adjustment in total allowed mark-up supersedes the adjustment granted to Harvey's Oil in Order No. P. P. 1(2005), issued by the Board on February 11, 2005.

If you have any questions please contact me.

Yours truly,

lindo

Cheryl Blundon Board Secretary
