### Weekly Adjustment of Maximum Prices of Regulated Petroleum Products

Effective 12:01 a.m. Thursday, April 10, 2014, the Public Utilities Board set maximum prices for all regulated petroleum products in all areas of the province, except where maximum price adjustments have been suspended for the winter months.

The changes to maximum fuel prices are as follows:

- all types of gasoline motor fuel will increase by up to 2.1 cents per litre (cpl);
- diesel motor fuel will decrease by up to 1.7 cpl on the island
- diesel motor fuel will decrease by up to 3.2 cpl in Labrador;
- furnace oil heating fuel will decrease by 2.2 cpl;
- stove oil heating fuel will decrease by 2.2 cpl; and,
- propane heating fuel will increase by 0.5 cpl.

These maximum prices reflect the change in the average benchmark price of the products over the seven-day period ending Tuesday of this week. As an example, the average benchmark price for gasoline, as tracked on the New York Mercantile Exchange (NYMEX) and converted to Canadian dollars, increased over the period by 1.8 cpl, resulting in a increase of up to 2.1 cpl, accounting for taxation and rounding.

The next scheduled price change is Thursday, April 17, 2014.
